

PRI REGISTRAR

Scott D. Burkholder
Sales Engineer

QUALITY POLICY

To be the premier conformity assessment organization dedicated to measurable continual improvement, designed to add value, reduce total cost, and develop teaming that optimizes any customer encounter with us.

Our “Motto”

We’re not interested in
being the *biggest*.

We’re satisfied being the *best*.

Our Accreditations

ISO 9001:2000

AS9100

AS9120

AS9110 (in process)

AS9003:2000

ISO 14001

Value of Accreditation

- Builds confidence and reduces risk for customers
- Facilitates trade globally
- Potential to reduce costs by enhancing acceptance of certificates worldwide
- Provides mechanism to address complaints

Introduction Continued

- AS9100/ISO 9001:2000 Does it Cost or Pay?
 - Depends on who you talk to
 - Depends on an Organization's approach
 - “Just get by”
 - Learn what is included and adopt as appropriate
 - Numerous Registered Organizations claim increased profit and customer satisfaction
 - Key is Management understanding and commitment

Summary

- Defining and Maintaining an Organization QMS meeting AS9100 is not easy
- Auditing to address Aerospace Expectations is also NOT easy
- ISO 9001:2000 (and AS9100Rev. B) if understood and applied consistently can result in continual improvement of an Organization's quality and profitability
